

## Terri Killeffer

**Scientific Data Curator**

**Climate Change Science Institute**

**Oak Ridge National Laboratory**

Terri S. Killeffer joined the Environmental Sciences Division at Oak Ridge National Laboratory (ORNL) in 2013. She is a Scientific Data Curator participating on the Data Team for the Next-Generation Ecosystem Experiments (NGEE Arctic) project interacting with investigators to obtain data, assign metadata, and develop documentation. Killeffer received a BA in Ecology from the University of Tennessee and an MS in Information Science also from the University of Tennessee.
